

LIGHT-FLYWEIGHT

The Commonwealth Boxing Council is pleased to announce that following a unanimous decision by the Directors that Light-Flyweight (108lb and under) is now a recognised weight division for Commonwealth Championships.

The Commonwealth have received and approved an application for the Vacant Light-Flyweight title, details to be circulated shortly. In due course a list of contenders for this weight division will be circulated. Any recommendations for this weight division are to be sent to Debbie.Down@commbc.com

Light Flyweight (108lb) already exists globally and is recognised by many Governing Bodies, including the WBC to which the CBC are affiliated.

There is no doubt this will be a well utilised weight division and hope that many will be able to take advantage of this now being in existence.

Kind Regards

Debbie Down
Hon Secretary
Commonwealth Boxing Council
